*I was struggling to find insurance that actually cared about people, not just payments. Then I found Acuity. Their team really listened, explained things clearly, and didn't rush me. When I had to file a claim, they handled it with care and made me feel supported. It felt like someone was finally on my side.*

*Absolute best customer service I have ever had. Acuity took an unfortunate incident to an easy, stress-free resolution. AND they did it with a smile and great kindness and concern. Thank you, ACUITY, for raising the bar. YOU ROCK!*
